Corporate Culture Key Consideration for the External Auditor

- Client acceptance and continuance discussions
- Audit risk assessment
- Planning and scoping the audit engagement
- Updating audit plan as work progresses
- Share any observations with management
- Determine if any violations impact the F/S
- Discussions with client audit committee

Keys to Successful Implementation

- Living, breathing, code of conduct
- Training and education
- Reinforcing core values
- Reward employees who demonstrate the culture
- Tying ethical behavior to performance evaluations and compensation decisions
- Whistleblower program/system to respond to allegations
- Make changes as needed: take steps to prevent future incidents
- Ensure consistent enforcement

Lessons Learned from the Trenches

- Complexities of global compliance and cultural differences create serious challenges
- Seeing the audit committee signal culture changes that last
- Complexities of "last minute" whistleblower
- Importance of a thorough investigation

Major Components of Successful Monitoring Programs

- Board oversight
- Regular, periodic reviews
- Employee satisfaction/attitude surveys
- Creating a dynamic, evolving program
- Measurable compliance data
- Process for addressing issues

Analytics and Fraud Detection

Use analytics to monitor areas with greatest opportunity for fraud

- Cash transactions
- Control deficiencies
- Compensation structures
- Product design
- Weak policies

Implement analytics by experimentation

- Obtain granular data for a period of time
- Knowledge of the process & common fraud schemes
- Mine the data
- Look for outliers
- Iteratively improve the analytics model

Communicating Program Results

- To the board/audit committee
- To senior management
- To employees
- To external stakeholders
- Leading practices and where this is headed

Key Takeaways

- Managing the behavioral component of compliance is difficult
- Be prepared to make mid-course corrections the program has to evolve to address external expectations
- The new COSO framework will require new fraud risk assessments by the end of 2014
- Ethical culture has to be embedded into the DNA of the company
